

Friends of Peachtree Hills Park

Mission: *To improve Peachtree Hills Park in ways which serve the needs and interests of the surrounding community*

Several years ago, neighbors got together to address the sad state of Peachtree Hills Park. They called themselves the “Friends of Peachtree Hills Park” and spent countless hours removing truckloads of kudzu, poison ivy and trash. The primary improvements that park visitors wanted were paths to walk/run on, native/hardy landscaping, better lighting and benches. We’ve raised enough money for the first phase of improvements, but will need thousands more to complete the plan.
